## Instantaneous Penalties

Umpires should be aware that the new Bowls Australia Instantaneous Penalty Policy has been included in the 2017 – 2018 Bowls NSW Conditions of Play (condition 2.30).

As an Umpire you are required to enforce this Policy and because of the severity of these penalties and the ramifications if they are imposed the State Umpires Committee has prepared this form which sets out the procedures you are required to follow before these penalties can be enforced (clause viii of Condition 2.30 states “The Umpire must forward a written detailed report about any incident involving an instantaneous penalty to the respective Controlling Body within seven (7) days of the incident”).
